Professional Summary

Results-driven Software Developer and Computer Science professional with 6+ years of experience in full-stack web development and technical instruction. Proficient in PHP, Laravel, Python, JavaScript, HTML/CSS, and WordPress, with strong capabilities in graphic design using Adobe Photoshop. Currently pursuing an M.Sc. in Computer Science at BBAU Lucknow, deepening expertise in advanced computing. Proven track record of delivering scalable web solutions and mentoring students in core programming concepts.

Experience

Computer Teacher & Web Developer

June 2018 – 2024

Excel Net and Paradise Computer Training Institute

Barabanki, Uttar Pradesh, India

- Designed and delivered a structured curriculum covering C, Python, HTML/CSS, JavaScript, and MS Office to 100+ students per year, achieving a measurable improvement in student assessment scores and course completion rates.
- Developed and deployed dynamic, responsive web applications using PHP, Laravel, and WordPress for 15+ client projects, cutting average turnaround time by 30% through reusable component frameworks and streamlined workflows.
- Led end-to-end graphic design and branding projects for 20+ clients using Adobe Photoshop, directly contributing to a 25% increase in the institute's student outreach and enrollment figures year-over-year.
